

Clery Act Reporting

The U.S. Department of Education requires all colleges (both public and private) receiving Federal student financial assistance programs to complete a Campus Crime and Security Survey every October. Providing this campus crime report information is required under the Higher Education Act of 1965 as amended on August 14, 2008. The information provided for the survey is based on the previous calendar year and includes an assimilation of campus police/security reports and local police reports.
