July 13, 2020

Dear Curriculum Students:

We are looking forward to you joining us at Mitchell Community College for Fall Semester 2020 as you either begin or continue your studies. The Fall 2020 semester begins August 17, 2020. Curriculum courses will be offered in the following formats: fully online, online with live virtual meetings, or online with limited face-to-face meetings.

Students should review their schedule in WebAdvisor to determine the start date(s) of their course(s). Students must log into the Learning Management System (LMS) on the start date of the course to review the syllabus for meeting dates and times.

Some courses may require that students come to campus for a proctored exam.

Some career and technical education programs have been meeting in a limited face-to-face format and may continue to do so for Fall 2020. These programs include:
- Public Safety
- Certified Nurse Assistant (CNA)
- Medical Assisting
- Nursing
- Advanced manufacturing/engineering/trades
- Information Technology
- Culinary Arts
- Cosmetology

Mitchell Community College will continue to provide academic student support, including tutoring and library services. Information on these services will be posted on the College website and emailed to students.

Mitchell will provide a safe environment for students enrolled in classes that meet face to face. All college buildings have been cleaned and sanitized, and our facilities staff will ensure they remain ready for students every day. Until further notice, face coverings will be required to be worn by students, faculty, staff, and visitors in all Mitchell Community College buildings and locations used by the College. This includes face coverings being worn at all times in classrooms and laboratories. Students who report to class without a mask will be considered unprepared for class and may not be able to attend class in person.

Thank you for choosing Mitchell Community College to help you attain your educational goals. We are pleased you will be joining us in August!
