

Public Safety—Paramedic Student Registration Packet Checklist

To the prospective Paramedic student. This form is provided as a checklist of the information that Mitchell Community College will need for you to be able to register for the Paramedic Initial training course. Items are explained as to what exactly is needed. Please understand that if any information is not present in your training folder at the end of the class, it will be **your** responsibility to obtain the information and present it to the EMS Program Coordinator or his/her designee. **NO** student will be allowed to test for their North Carolina or National Registry Paramedic credential until all information requirements are fulfilled.
